EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Liz Richter on July 14, 2004.

The application has been amended as follows: In line 3 of claim 4 "shanks" (second instance) has been changed to --slits--.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or fairly suggest the claimed invention as a whole including a second radial division forming a first film hinge for radial deflection of one of the shanks, in its positional plane, and a second film hinge that permits at least one radial deflection of at least one of the shanks, in such a manner that in order to close off the cooling channel, the shanks are adapted to engage in a stepped conical recess on an inner circumferential edge of the cooling channel, in the context of a cooling channel cover for a one-piece piston, the piston having a closed cooling channel that runs around inside a piston crown at a level of a piston ring band, a ring-shaped recess provided between the piston ring band and a piston shaft, the cover comprising a one-piece plastic/spring steel ring having a U-shaped cross-section, a ring bottom, an outer shank angled off radially to the outside, an inner shank angled off radially to the inside, a first radial

division on the ring, said division having a mouth width, and a second radial division on the circumference of the ring, opposite the first division, wherein said second radial division does not separate the outer shank.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
